We look forward to spending an exciting day with you as we open a new chapter in the history of our business. The creation of value for our Consumers and Customers will continue to be a priority for our business system and we believe this conference will reinforce that focus.

Trade Kings donates to Kitwe Teaching Hospital

MATHEWS KABAMBA
Kitwe

TRADE Kings Group has donated assorted cleaning products to Kitwe Teaching Hospital on the Copperbelt.

Group regional marketing manager for the Copperbelt Alick Kazimoto officially handed over the donated materials to the hospital on Friday.

Mr Kazimoto said Trade Kings Group's decision to donate cleaning materials to the hospital was inspired by the company's desire to supplement Government's efforts in delivering quality health services to members of the public.

"We are here to ensure that we help the institution with household and laundry care products. A healthy nation is a wealthy nation, so what we are

doing here today (Friday) is supplementing Government's efforts.

"These products are good for us because our health workers will be using them as they look after patients.

"Mind you, all of us are bound to get sick. So we felt duty-bound to supplement Government's efforts in looking after sick citizens," he said.

Mr Kazimoto said the donation included washing powders, hand sanitisers, and disinfectants.

And in receiving the donated sanitation materials, Kitwe Teaching Hospital senior medical superintendent Abidan Chansa said the items will help the health institution in its efforts to prevent infections.

Dr Chansa said the materials will also help prevent the spread of contagious diseases such as

coronavirus.

"For us, this is going to go a long way in assisting us to carry out the mandate of preventing infections.

"These cleaning materials include those for personal use like hand liquids, which nurses will use in the wards.

"Some other products will be used to clean surfaces that could be contaminated with germs," Dr Chansa said.

He said Kitwe Teaching Hospital spends huge sums of money on buying cleaning materials, and he commended Trade Kings Group for the gesture.

Dr Chansa said it is encouraging that there are corporate entities like Trade Kings Group that are willing to contribute to better operations of the hospital through donations.
